SPECTACLES v. BLINDNESS.

"Spectacles can only be perfectly adjusted by those having a thorough knowledge of the anatomy of the eye combined with optical experience."

WE have the highest medical authorities, confirmed by daily experience, that imperfect glasses, together with the haphazard plan of selection, generally employed by the mere vendor, is the cause of most cases of blindness and defective vision.

Sir Julius Benedict writes: "I have tried the principal opticians in London without success; but the spectacles you have adapted suit admirably. The clearness of your glasses, as compared with others, is really surprising."

The Rev. Professor W. A. Hale, M.A. Cantab., 2, Muford-gardens, West Kensington-park, writes: "The spectacles are perfect, and a most decided boon. I had occasion on Monday to write to L.—, and took the opportunity to mention your name and the wonderful power of your spectacles."

MR. HENRY LAURANCE, F.R.S., Oculist Optician, 39, OLD BOND STREET, W. (late 3, Endsleigh-gardens, Euston-square), personally adapts his IMPROVED SPECTACLES daily (Saturdays excepted) from 10 to 5. Special arrangements are made for Invalids and others unable to wait on Mr. Laurance.
